Our vision is to create the nurturing environment that focuses on serving all abilities in a way to promote healthy involvement in exercise, sensory experiences, relaxation, cognitive tasks, and purposeful tasks. Additionally, we would like to provide an inclusive play experience specifically for our children.

THE THERAPY PARK PROJECT
For MUSC Psychiatry
COST

The estimated cost for the project is $200,000. It is hoped that the park will be completed within one year (by 2020). Costs include preparing the area (removal of current concrete, fencing, irrigation, electrical, and re-installation) as well. This sponsorship package provides information to help donors make an informed decision to pledge, fund, or provide in-kind services toward the construction of the park.
