Office Hours  
Monday-Friday 8:30 a.m.-5 p.m.

Be sure to bring a photo ID, insurance card and all the medicines you are taking.

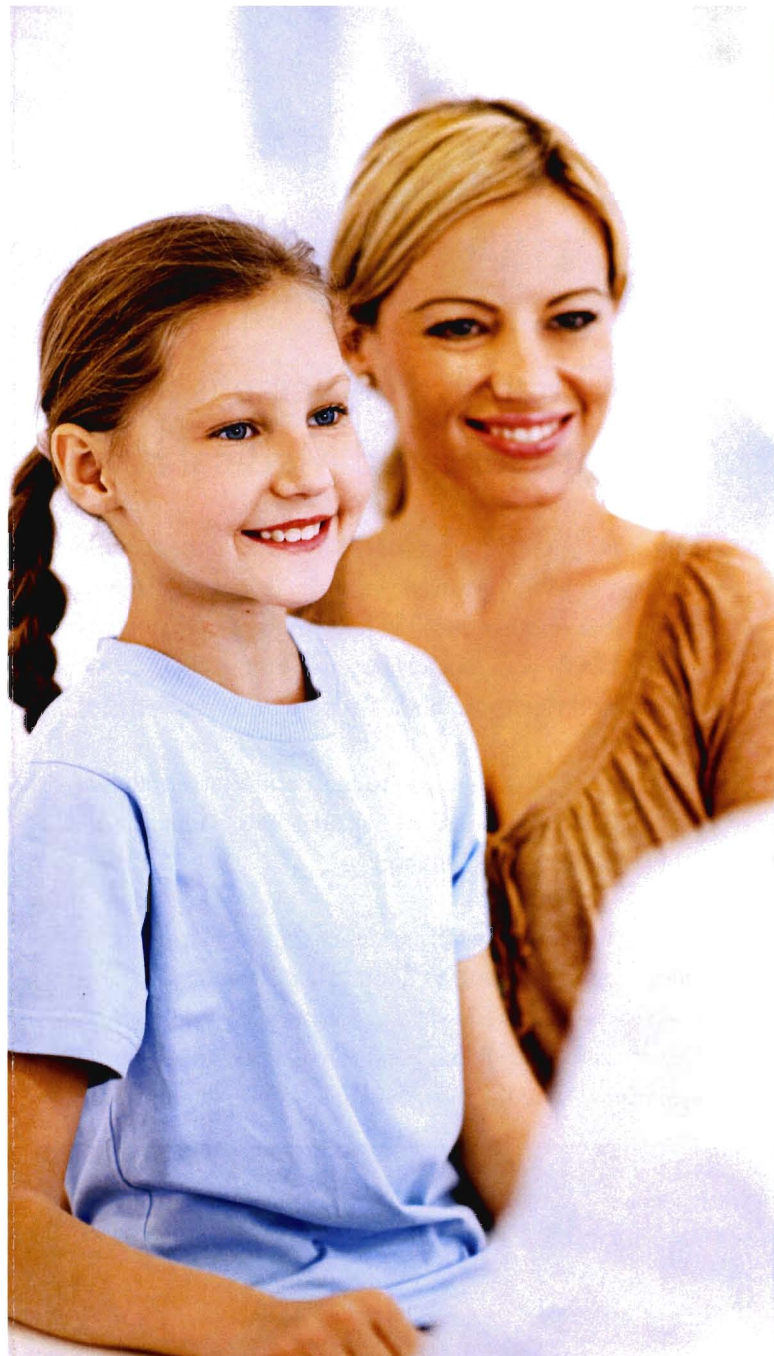

Arrive 20 minutes before your appointment to fill out forms and speak with the front office receptionist.

If you need forms filled out (such as your child's fitness for athletics or a doctor's excuse), be sure to bring them. There may be a charge if the form is for something other than why you scheduled this appointment.

When requesting medication refills, please give us at least 72 hours to process your request.

We want to know if you were happy with our service. Be sure to fill out the Patient Satisfaction Survey.

For more detailed information and profiles of our doctors and staff, visit [muschealth.com/familymedicine](http://muschealth.com/familymedicine).

## MUSC Family Medicine is a “Patient-Centered Medical Home”

That means your doctor will be working with a team of providers every visit to MUSC Family Medicine. If your regular doctor is not available, another qualified team member will step in. He or she will know your medical history, because MUSC uses a sophisticated electronic medical record system called EPIC.

It's your health. We want you to feel comfortable with the decisions we make together. Ask questions, particularly if you do not understand something.

Most doctors' visits are for sneezes or sprains. But if it is something more serious, it's good to know you will also have access to the world-renowned specialists at the Medical University of South Carolina. MUSC has been recognized as one of the best hospitals and the best children's hospitals in the nation.

### SPECIALTIES

- Comprehensive care for the entire family
