	04/24/2026	Scheduled	2026

Select the carrot to the left of the type of loan to show a drop down menu. This shows the disbursement dates.

Student loan funds are disbursed in equal amounts across the number of semesters in the academic year for the program.

Funds will be sent to Student Accounting to pay direct costs. Any amount requested over direct costs will be refunded to you. Refunds are sent by paper check unless you request direct deposit.

## Receive more than needed?

Return funds through MUSC or your servicer to reduce your student loan debt.

### Why should I return unneeded student loans?

Any funds returned before 120 days of disbursement will have any interest accrued and origination fee for the portion returned erased.
