

Curriculum Vitae

**JAMES S. KRAUSE**

---

College of Health Professions  
Medical University of South Carolina  
151-B Rutledge Ave, MSC 962  
Charleston, SC 29425  
(843) 792-1337  
krause@musc.edu

---

**EDUCATIONAL BACKGROUND**

Ph.D., Psychology, University of Minnesota, Minneapolis, Minnesota, September 20, 1990.

- Major field: Counseling Psychology.
- Supporting fields: Statistics, Public Health (alcohol and drug abuse).
- Dissertation topic: *Prediction of life satisfaction after spinal cord injury: A fifteen year longitudinal study.*

B.A., Psychology, *summa cum laude*, University of Minnesota, Minneapolis, Minnesota, June 1980.

**PROFESSIONAL EXPERIENCE**

**CURRENT POSITIONS**

- *Associate Dean for Research*, Medical University of South Carolina, Charleston, South Carolina, May, 2003 to present (formerly Chair, Rehabilitation Sciences, August, 2002).
- *University Distinguished Professor*, Medical University of South Carolina, Charleston, South Carolina, July 1, 2004 to present (previously associate professor, August, 2002), Tenured, October 3, 2008, Primary Appointment: College of Health Professions; Secondary Appointment: Graduate School (2005).
- *Scientific Director*, South Carolina Spinal Cord Injury Research Fund, Charleston, South Carolina, September 1, 2002 to present.
- *Director*, Center for Rehabilitation Research in Neurological Conditions, Medical University of South Carolina, Charleston, South Carolina, July 1, 2004 to present.

**PREVIOUS POSITIONS**

- Behavioral Scientist, Crawford Research Institute, Shepherd Center, Atlanta, Georgia, July, 1993 to August, 2002.
- Staff Psychologist, Shepherd Spinal Center, Atlanta, Georgia, November, 1989 to July, 1993 (Health and Rehabilitation Psychologists of Atlanta, Atlanta Georgia, January, 1991 to July 1993).

#### INTERAGENCY PERSONNEL AGREEMENTS / FELLOWSHIPS

- Scientist, Veteran's Administration Medical Center, Charleston, SC, May 2003 to July, 2005.
- Visiting Scientist, Centers for Disease Control (Injury Prevention Branch, 20%), October, 1996 to December, 1998.
- Research Fellow, Mary E. Switzer Merit Research Fellowship, National Institute on Disability and Rehabilitation Research. Project title: Productivity after spinal cord injury, July, 1989 to June, 1990.

#### RESEARCH GRANTS (Funding levels are approximate.)

#### INVESTIGATOR INITIATED GRANTS (PRINCIPAL INVESTIGATOR)

1. Survival following spinal cord injury: A prospective approach. *American Association of Spinal Cord Injury Psychologists and Social Workers; Eastern Paralyzed Veterans Association*; \$14,175; July 1, 1988 to June 30, 1989.
2. Productivity after spinal cord injury. Switzer Merit Research Fellowship, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$26,500; July 1, 1989 to June 30, 1990.
3. Stability of interests and their relationship to adjustment after spinal cord injury. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$203,000; July 1, 1990 to June 30, 1992.
4. Aging and adjustment after spinal cord injury: A 20-year longitudinal study. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$212,000; July 1, 1992 to June 30, 1994.
5. Prediction of mortality after spinal cord injury. R01 Investigator Initiated Research Grant, *National Center for Medical Rehabilitation Research; National Institutes of Health*; \$206,000; July 1, 1993 to June 30, 1995.
6. The 20-year Minnesota longitudinal study: Applications to secondary conditions after spinal cord injury. *National Center for Environmental Health (Disabilities Prevention Program); Centers for Disease Control*, \$109,344; July 1, 1995 to June 30, 1997.
7. Aging and life adjustment after spinal cord injury: The role of environmental change. *Veterans Administration*, \$19,997; April 1, 1997 to September 30, 1997.
8. Aging and life adjustment after spinal cord injury: A twenty-five year longitudinal study. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$368,366; July 1, 1997 to June 30, 2002.
9. A prospective study of risk of mortality after SCI. R01, *National Center for Medical Rehabilitation Research, National Institutes of Health*; \$315,298; July 10, 2000 to December 31, 2002.
10. Aging after spinal cord injury: Three decades of research. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$449,706; September 1, 2001 to August 31, 2005.
11. A 6-year longitudinal study of community integration, subjective well-being, and health after spinal cord injury: Relationship with gender, race/ethnicity, and environmental

- factors. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$449,515; September 1, 2002 to August 31, 2006.
12. Mortality rates and causes of death in the first decade after spinal cord injury onset: A comparative study of veterans and non-veterans, *Veteran's Administration, VISN-7*; \$116,000; July, 2003 to July 2005.
  13. Stability of vocational interests two years after spinal cord injury: Relationship with employment, participation, and subjective well-being. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$444,209; October 1, 2003 to September 30, 2008.
  14. Risk for early mortality after spinal cord injury. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$449,944; October 1, 2003 to March 31, 2008.
  15. A longitudinal study of risk for hospitalizations, pressure ulcers, and subsequent injuries after spinal cord injury. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$449,990; December 1, 2005 to November 30, 2009.
  16. Risk for adverse outcomes after spinal cord injury: A longitudinal study. R01, *National Institutes of Health*; \$2,241,117; January 01, 2006 to December 31, 2010.
  17. Participation, subjective well-being, health, and spinal cord injury: A 35-year longitudinal study. Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$449,887; December 1, 2006 to November 30, 2009.
  18. Ambulation and secondary complications: Participants with chronic spinal cord injury, Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$599,937; October 1, 2009 to September 30, 2012.
  19. Participation, subjective well-being, health, and spinal cord injury: A 40-Year longitudinal study, Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$599,992; October 1, 2011 to September 29, 2016.
  20. Risk of early mortality after spinal cord injury, Field Initiated Research Grant, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$599,160; October 1, 2014 to September 30, 2018.
  21. Understanding, predicting, and preventing life-changing and life-threatening health changes among veterans and civilians with spinal cord injury, Qualitative Research Award, *Department of Defense*; \$747,210; September 30, 2016 to September 29, 2019.
  22. Number, primary and secondary diagnoses, and costs of inpatient hospitalizations in a population-based cohort of people with spinal cord injury, Field Initiated Research Grant, *Administration for Community Living*; \$599,012; September 30, 2016 to September 29, 2019.
  23. Aging and spinal cord injury: A 45-year longitudinal study, Field Initiated Research Grant, *Administration for Community Living*; \$598,923; September 30, 2016 to September 29, 2019.
  24. A multidisciplinary approach to translating new knowledge into practice to promote health and well-being after spinal cord injury, Disability Rehabilitation Research Project, *Administration for Community Living*; \$449,638; September 30, 2016 to September 29, 2019.

25. Measuring Outcomes after SCI throughout South Carolina: Statewide Outcomes Database Special Initiative. *South Carolina Spinal Cord Injury Research Fund*; \$799,127. January 1, 2019 to December 31, 2023.
26. Number, primary and secondary diagnoses, and costs of emergency department visits in a population-based cohort of people with spinal cord injury, Field Initiated Research Grant, Administration for Community Living; \$599,678; September 30, 2019 to September 29, 2022.
27. Understanding and Promoting Longevity after Spinal Cord Injury: A Mixed Methods Study of Participation, Employment, and Quality of Life, Field Initiated Project, *National Institute on Disability, Independent Living, and Rehabilitation Research, Administration for Community Living*; \$599,794; September 1, 2020 to August 31, 2023.
28. Aging and Participation after Spinal Cord Injury: Promoting Utilization to Enhance Community Outcomes, Disability Rehabilitation Research Project, National Institute on Disability, Independent Living, and Rehabilitation Research, Administration for Community Living; \$2,499,450 September 1, 2020 to September 29, 2025.
29. Risk of opioid use disorder and related consequences: A longitudinal study of spinal cord injury, Disability Rehabilitation Research Project, National Institute on Disability, Independent Living, and Rehabilitation Research, Administration for Community Living; \$2,499,432; September 1, 2020 to August 31, 2025.
30. Quality employment throughout the work lifecycle for people with spinal cord injury, multiple sclerosis, and stroke, Disability Rehabilitation Research Project, National Institute on Disability, Independent Living, and Rehabilitation Research, Administration for Community Living; \$2,498,472; September 1, 2021 to August 31, 2026.

**CENTER GRANT PROJECTS (PRINCIPAL INVESTIGATOR/DIRECTOR)**

1. Program for Motion, Exercise, and Rehabilitative Research (Director), *Medical University of South Carolina, University funded center*, \$450,000; July, 2004 to June, 2010.
2. South Carolina Center for Interdisciplinary Spinal Cord Injury Research (Principal Investigator/ Director), *South Carolina Spinal Cord Injury Research Fund*, \$499,309; February 01, 2006 to January 31, 2009.
3. Center on Health Outcomes Research and Capacity Building for Underserved Populations with SCI and TBI. Disability Rehabilitation Research Project, National Institute on Disability and Rehabilitation Research, Department of Education; \$1,766,667; October 1, 2008 to September 30, 2015.
4. Rehabilitation Research and Training Center on Secondary Conditions in Individuals with SCI, *National Institute on Disability and Rehabilitation Research, Department of Education*; \$3,964,320; October 1, 2009 to September 30, 2016.
5. Successful Employment and Quality Work Life after Severe Disability Due to SCI. Disability Rehabilitation Research Project, National Institute on Disability and Rehabilitation Research, Department of Education; \$2,471,827; October 1, 2012 to September 30, 2019.

**CENTER GRANTS (PRINCIPAL INVESTIGATOR ON PROJECTS)**

1. Spinal Cord Injury Model Systems center grant, Shepherd Center, Atlanta, Georgia. *National Institute on Disability and Rehabilitation Research, Department of Education*; \$1,824,960 (\$729,984 for PI projects); October 1, 1995 to September 30, 2000.
  - a. Principal investigator for collaborative research project entitled: Community reintegration and quality of life: Relationship to gender, race and ethnicity.
  - b. Principal investigator for site specific research project entitled: Health and spinal cord injury.
2. Spinal Cord Injury Model Systems center grant, Shepherd Center, Atlanta, Georgia. *National Institute on Disability and Rehabilitation Research, Department of Education*; \$2,189,152 (\$875,981 for PI projects); October 1, 2000 to September 30, 2006.
  - a. Principal investigator, site specific research project entitled: Assessment of risk for adverse health outcomes one year after SCI.
  - b. Principal investigator, site specific research project entitled: Prediction of long-term secondary conditions: Linkages of existing data with the National Database and database enhancements.
3. Spinal Cord Injury Model Systems center grant, Shepherd Center, Atlanta, Georgia. *National Institute on Disability and Rehabilitation Research, Department of Education*; \$2,500,000 (\$300,000 for PI project); October 1, 2011 to September 30, 2016.
  - a. Principal investigator for collaborative research project entitled: A longitudinal study of gainful employment 10 years after SCI onset: Comparisons of those who do and do not return to the pre-injury employer.
4. Rehabilitation Research and Training Center on Employment of Individuals with Physical Disabilities, *National Institute on Disability and Rehabilitation Research, Department of Education*; (\$1,584,236 for PI project) October 1, 2013 to September 30, 2018.
  - a. Principal investigator for research project entitled: Successful employment and quality work life after severe disability: Comparison of predictive models with multiple sclerosis and spinal cord injury.
5. Spinal Cord Injury Model Systems center grant, Shepherd Center, Atlanta, Georgia. *Administration for Community Living*; (\$225,000 for PI project); September 30, 2016 to September 29, 2021.
  - a. Principal investigator for research project entitled: Emergency department visits, related hospitalizations, and reasons for utilization of the emergency department after SCI.
6. Spinal Cord Injury Model Systems center grant, Shepherd Center, Atlanta, Georgia. *Administration for Community Living*; (180,000 for PI project); September 1, 2021 to August 31, 2026.
  - a. Principal investigator for research project entitled: Prediction of risk of unintentional injuries in the first year after SCI.

## HONORS AND AWARDS

**2021 Excellence Award for Outstanding Leadership in SCI&D Healthcare, American Paraplegia Society (APS), September 8, 2021.**

- 2021 University Distinguished Professor**, College of Health Professions, Medical University of South Carolina, April **2021**.
- 2020 Scholar of the Year**, College of Health Professions, Medical University of South Carolina, December 17, **2020**.
- 2019 Health Care Hero**, December 4, **2019**, Charleston Regional Business Journal, Awarded to professionals and volunteers for health care, first responders, research, and other areas who go beyond the call of duty for their communities and their professions.
- 2018 National Association of Rehabilitation Research and Training Centers (NARRTC) Best Paper Award**, March 27, **2018**, Awarded for the outstanding manuscript published in a peer-reviewed journal by a NIDILRR grantee during 2017 for: Krause, J. S., Newman, J., Clark, J. M. R., & Dunn, M. (2017). The natural course of spinal cord injury: changes over 40 years among those with exceptional survival. *Spinal Cord*, 55(5), 502-508.
- 2016 Scholar of the Year**, College of Health Professions, Medical University of South Carolina, December 12, **2016**.
- 2016 Keynote Speaker**, MUSC Faculty Convocation, Medical University of South Carolina, August 23, **2016**.
- 2015 Academy of Spinal Cord Injury Professionals, Essie Morgan Lectureship**, September, **2015**. The Essie Morgan Lecture is an invited lectureship awarded to persons who have made significant contributions to the advancement of social services for persons with spinal cord injury.
- 2013 American Spinal Injury Association (ASIA) Anniversary Award**, May 6, **2013**. Awarded in recognition of Dr. Krause's work as Editor-in-Chief of *Topics in Spinal Cord Injury Rehabilitation*, the official journal of ASIA.
- 2012 Distinguished Service Award**, NARRTC, April 26, **2012**. The NARRTC Distinguished Service Award is given to individuals who have made impressive contributions to the field of disability through research, teaching, service, knowledge translation, or advocacy. The Distinguished Service Award is generally given for sustained contributions or an accumulation of life-time achievements. Previous awardees include: Sen. Thomas Harkin and Sen. Bob Dole.
- 2011 Medtronic National Courage Award**, Courage Center, September 24, **2011**. The National Courage Award is given to someone who is an example of leadership, innovation, determination or advocacy in the disability community. Previous National Courage Award winners include: Sen. Max Cleland, Sen. Bob Dole, Stephen Hawking, Christopher Reeve, Ed Roberts, and Judith Heumann.

- 2011 National Association of Rehabilitation Research and Training Centers (NARRTC) Research Award**, April 27, **2011**, Awarded for the outstanding manuscript published in a peer-reviewed journal by a NIDRR grantee during 2010 for: Krause, J. S. (2010). Risk of subsequent injuries after spinal cord injury: A 10-year longitudinal study. *Archives of Physical Medicine and Rehabilitation*, 91(11), 1741-1746.
- 2010 ARCA Research Award**, American Rehabilitation Counseling Association, March 20, **2010**, 1<sup>st</sup> place award for excellence in publishing in vocational rehabilitation for the manuscript: Krause, J.S., & Reed, K.S. (2009). Obtaining employment after spinal cord injury: Relationship with pre- and post-injury education. *Rehabilitation Counseling Bulletin*, 53, 27-33.
- 2009 The Apple Award**, American Spinal Injury Association, Shepherd Center, and Thomas Land Publishers, September 25, **2009**, Awarded for excellence in publishing in SCI rehabilitation research for the manuscript: Krause, J.S., Carter, R. Pickelsimer, E., & Wilson, D. (2008). A prospective study of health and risk of mortality after spinal cord injury. *Archives of Physical Medicine and Rehabilitation*, 89, 1482-1491.
- 2008 SCI Hall of Fame Inductee** for Research in Quality of Life Improvement, National Spinal Cord Injury Association, inducted November 17, **2008**.
- 2008 Patricia McCollom Memorial Research Award** (1<sup>st</sup> ever awarded) for career contributions of research widely utilized in life care planning, Foundation for Life Care Planning Research, September 21, **2008**.
- 2008 National Association of Rehabilitation Research and Training Centers (NARRTC) Research Award** (1<sup>st</sup> annual award), April 21, **2008**, Awarded for the outstanding manuscript published in a peer-reviewed journal by a NIDRR grantee during 2007 for: Krause, J.S, Brotherton, S., Morrisette, D., Newman, S., & Karakostas T. (2007). Does pain interference mediate the relationship of independence in ambulation with depressive symptoms after spinal cord injury? *Rehabilitation Psychology*, 52(2), 162-169.
- 2008 Earl B. Higgins Achievement in Diversity Award nomination**, Medical University of South Carolina.
- 2007 American Spinal Injury Association (ASIA) Research Award**, June, **2007**, Awarded for the outstanding manuscript published in a peer-reviewed journal by an ASIA member during the calendar year 2006. Krause, J.S., & Terza, J.V. (2006). Injury and demographic factors predictive of disparities in earnings after spinal cord injury. *Archives of Physical Medicine and Rehabilitation*, 87(10), 1318-1326.
- 2004 Scholar of the Year**, College of Health Professions, Medical University of South Carolina, September 24, **2004**.
- 1993 American Rehabilitation Counseling Association (ARCA) Award, 1993. Outstanding Research Article**, Awarded for the outstanding vocational rehabilitation

manuscript published in a peer-reviewed journal during the calendar year 1992. Krause, J.S. (1992). Employment after spinal cord injury. *Archives of Physical Medicine and Rehabilitation*, 73, 163-169.

- 1990 1<sup>st</sup> Annual Garrett Early Career Award**, American Psychological Association, Division 22, Rehabilitation Psychology.
- 1989 Mary E. Switzer Merit Research Fellowship**, National Institute on Disability and Rehabilitation Research.
- 1988 Eva O. Miller Research Fellowship**, University of Minnesota, Minneapolis, Minnesota.
- 1981 Graduate Fellowship**, University of Minnesota, Minneapolis, Minnesota.
- 1981 Undergraduate Research Award**, Psychology Department, University of Minnesota, Minneapolis, Minnesota.

#### **OTHER HONORS**

- 2018 National Association of Rehabilitation Research and Training Centers (NARRTC) Best Paper Award Finalist**, March 27, **2018**, Finalist for the manuscript: Clark, J. M. R., Cao, Y., & Krause, J. S. (2017). Risk of pain medication misuse after spinal cord injury: The role of substance use, personality, and depression. *Journal of Pain*, 18(2), 166-177.
- 2013 National Association of Rehabilitation Research and Training Centers (NARRTC) Research Award (Honorable Mention)**, April 15, **2013**, Honorable Mention for the manuscript: Krause, J.S., Saunders, L.L., & Acuna, J. (2012). Gainful employment and risk of mortality after spinal cord injury: Effects beyond that of demographic, injury, and socioeconomic factors. *Spinal Cord*, 50, 784-788.
- 2011 American Spinal Injury Association (ASIA) Awards Session Presentation**, June 8, **2011**, 2<sup>nd</sup> place for best oral presentation for: Krause, J.S., & Saunders, L.L. Do risk factors for mortality after SCI parallel those from the general USA population?.
- 2009 National Association of Rehabilitation Research and Training Centers (NARRTC) Research Award (Honorable Mention)**, April 13, **2009**, Honorable Mention for the manuscript: Krause, J.S., Carter, R. Pickelsimer, E., & Wilson, D. (2008). A prospective study of health and risk of mortality after spinal cord injury. *Archives of Physical Medicine and Rehabilitation*, 89, 1482-1491.

  131. Krause, J. S., Brotherton, S. S., & Reed, K. S. Relationship of ambulation and independence in locomotion with long-term outcomes after SCI. Presented at the annual conference of the American Congress of Rehabilitation Medicine, Washington, DC: October, 2007.
  132. Krause, J. S., Saladin, L., & Coker, J. L. Disparities in subjective well-being, participation, and health after spinal cord injury: A 6-year longitudinal study. Presented at the annual conference of the American Public Health Association, Washington, DC: November, 2007.
  133. Krause, J. S., Bombardier, C. H., & Coker, J. L. Depressive symptoms during inpatient rehabilitation for spinal cord injury. Presented at the annual conference of the American Public Health Association, Washington, DC: November, 2007.
  134. Krause, J. S., & Brotherton, S. S. Health, participation, and subjective well-being after spinal cord injury: Relationship as a function of ambulatory and mobility status. Accepted but not presented at the 5<sup>th</sup> annual Aging Research Day, Clemson, SC: March, 2008.
  135. Krause, J. S., Bombardier, C. H., & Coker, J. L. Depressive symptoms during inpatient rehabilitation for spinal cord injury. Presented at the annual conference of the American Board of Rehabilitation Psychologist, APA Div 22, Tucson, AZ: April, 2008.
  136. Dismuke, C. E., Bradford, W. D. & Krause, J. S. Income below the poverty level: The reality of SCI households. Poster Presented at the 2<sup>nd</sup> Annual Spinal Cord Injury Fund Association Conference, Charleston, SC. June, 2008
  137. Krause, J. S. Relationship of provision of job accommodations with job retention after spinal cord injury. Presented at the annual conference of the American Spinal Injury Association, San Diego, CA: June, 2008.
  138. Krause, J. S., Carter, R. Pickelsimer, E., & Wilson, D. A prospective study of health and risk of mortality after spinal cord injury. Presented at the annual conference of the American Spinal Injury Association, San Diego, CA: June, 2008.
  139. Krause, J. S., McArdle, J. J. & Reed, K. S. A latent variable structural path model of health behaviors after spinal cord injury. Presented at the annual conference of the American Spinal Injury Association, San Diego, CA: June, 2008.
  140. Hoffman, J., Bombardier, C. H., Graves, D., Kalpakjian, C. Z., & Krause, J. S. The natural history of major depression after spinal cord injury. Presented at the annual conference of the American Spinal Injury Association, San Diego, CA: June, 2008.
  141. Kalpakjian, C. Z., Bombardier, C., Tate, D. G., & Krause, J. S. Examination of clinical utility indices of PHQ-9 items for two scoring schemes in men and women with spinal cord injury.

- Presented at the annual conference of the American Spinal Injury Association, San Diego, CA: June, 2008.
142. Dismuke, C. E., & Krause, J. S. Why do so many families affected by spinal cord injury live in poverty? Presented at the 2<sup>nd</sup> Biennial conference of the American Society of Health Economists, Raleigh, NC: June, 2008.
  143. Newman, S. D., Jenkins, C., Pope, C., King, M., & Krause, J. S. Photovoice as a participatory research method to explore community integration after spinal cord injury. Poster presented at the Congress of Spinal Cord Medicine and Rehabilitation, Orlando, FL: August, 2008.
  144. Krause, J. S. Applying scientific data in the life care plan: Examples with spinal cord injury. Invited talk at the annual conference of the International Symposium on Life Care Planning, Scottsdale, AZ: September, 2008.
  145. Krause, J. S., McArdle, J. J. & Reed, K. S. A latent variable structural path model of health behaviors after spinal cord injury. Poster presented at the annual conference of the American Congress of Rehabilitation Medicine, Toronto, Ontario: October, 2008.
  146. Behavioral risk factors for mortality after spinal cord injury. Poster presented at the annual conference of the American Congress of Rehabilitation Medicine, Toronto, Ontario: October, 2008.
  147. Krause, J. S., McArdle, J. J. & Reed, K. S. Changes in somatic and non-somatic depressive symptoms between inpatient rehabilitation and follow-up. Poster presented at the annual conference of the American Congress of Rehabilitation Medicine, Toronto, Ontario: October, 2008.
  148. Jones, M., Edgerton, R., Nash, M., Backus, D., & Krause, J. S. Activity-based therapy in spinal cord injury: What are the known and presumed effects on neurological recovery, health, fitness, and quality of life? Symposium presented at the American Congress of Rehabilitation Medicine, Toronto, Ontario: October, 2008.
  149. Dismuke, C. E., & Krause, J. S. Impact of family, income assistance, and return to work programs on ADLs and employment for individuals with spinal cord injury (SCI): A household decision model. Presented at the annual conference of the American Public Health Association, San Diego, CA: October, 2008.
  150. Krause, J. S., McArdle, J. J., & Reed, K. S. A latent variable structural path model of health behaviors after spinal cord injury. Presented at the annual conference of the American Public Health Association, San Diego, CA: October, 2008.
  151. Krause, J. S., McArdle, J. J. & Reed, K. S. Changes in somatic and non-somatic depressive symptoms between inpatient rehabilitation and follow-up. Presented at the annual conference of the American Public Health Association, San Diego, CA: October, 2008.
  152. Krause, J. S. Change in labor force participation after neurologic injury. Presented at the annual conference of the International Association of Rehabilitation Professionals Forensic Conference, Ft. Lauderdale, FL: November, 2008.
  153. Krause, J. S., McArdle, J. J., & Reed, K. S. Changes in somatic and non-somatic depressive symptoms between inpatient rehabilitation and follow-up. Poster presented at the annual conference of the American Board of Rehabilitation Psychology, Division of Health Psychology (APA Div 38), Jacksonville, FL: February, 2009.
  154. Krause, J. S., Apple, D., & Saunders, L. L., & Reed K. S. Changes in somatic and non-somatic depressive symptoms between inpatient rehabilitation and follow-up. Oral

- presentation at the annual conference of the National Association of Rehabilitation Research Training Centers, Arlington, VA: May, 2009.
155. Krause, J. S., Saunders, L. L., & Dismuke, C. E. Delayed entry into employment after spinal cord injury: Factors related to time to work. Poster presentation at the Congress on Spinal Cord Medicine and Rehabilitation, the combined annual conferences of the American Spinal Injury Association and the United Spinal Association, Dallas, TX: September, 2009.
  156. Krause, J. S., Saunders, L. L., Reed, K. S., Coker, J. L., & Zhai, Y. Self-report measurement of depressive disorders after spinal cord injury: Comparison of the Patient Health Questionnaire and the Older Adult Health and Mood Questionnaire. Oral presentation at the Congress on Spinal Cord Medicine and Rehabilitation, the combined annual conferences of the American Spinal Injury Association and the United Spinal Association, Dallas, TX: September, 2009.
  157. Krause, J. S., & Saunders, L. L. Enhanced formulas for life expectancy after spinal cord injury. Oral presentation at the International Symposium of Life Care Planning, Chicago, IL: September, 2009.

Panel presentation accepted (but canceled due to COVID-19) to the annual conference of the National Association of Rehabilitation Research and Training Center, Arlington, VA: October 2021.

## PROFESSIONAL ACTIVITIES

### EDITORIAL / REVIEW BOARDS (NOT COMPREHENSIVE)

- Editor-in-chief, *Topics in Spinal Cord Injury Rehabilitation*, May, 2011- December, 2015.
- Special Issue Editor, *Topics in Spinal Cord Injury Rehabilitation*, Winter 2012
- Special Issue Editor, *Topics in Spinal Cord Injury Rehabilitation*, Summer 2010, Rehabilitation Research and Training Center on Secondary Conditions in Individuals with SCI
- Editorial Board, *Topics in Spinal Cord Injury Rehabilitation*, April 2004 –May 2011
- Editorial Board, *Rehabilitation Psychology*, November, 1998-2006, January 2011-2015.
- Reviewer, *PM&R*
- Reviewer, *Spinal Cord*
- Reviewer, *The Lancet*
- Reviewer, *Neuro-rehabilitation and Neuro Repair*
- Reviewer, *Chest*
- Reviewer, *Journal of Spinal Cord Medicine*
- Reviewer, *Journal of Epidemiology*
- Reviewer, *Archives of Physical Medicine and Rehabilitation*
- Guest Editor, *Topics in Spinal Cord Injury Rehabilitation*, Employment Issues after SCI, Volume 9, 2004.

- Peer Reviewer, Education and Training Foundation, Paralyzed Veterans Administration, July, 1994.
- Peer Reviewer, National Institutes of Health, Division of Medical Rehabilitation, research grants, August, 1992.
- Peer Reviewer, Veterans Administration, March, 1991.
- Peer Reviewer, National Institute on Disability and Rehabilitation Research, field-initiated grants, January, 1991.

#### **ADVISORY BOARDS AND CONSULTING (NOT COMPREHENSIVE)**

- Advisory Panel Member, Improving Assessment of Opioid Use Disorder in People with Disabilities Related to Chronic Musculoskeletal Pain, American Institutes for Research, October 2018-present
- Board of Directors, Foundation for Life Care Planning Research, November 2013-2018.
- Expert testimony: life expectancy, employment, disability.
- Spinal Cord Injury Model Systems: Research Component, Shepherd Center, Atlanta, Georgia, September 1, 2002 to 2011.
- Aging and Spinal Cord Injury, Spinal Cord Injury Model Systems Collaborative Research, Craig Hospital, Inglewood, Colorado, subcontracted via the Shepherd Center, Atlanta, Georgia, September 1, 2002 to 2005.
- Aging and Disability, Research and Training Center, Rancho Los Amigos Medical Center: November 1, 1998 to 2003.
- Aging and Spinal Cord Injury, Research and Training Center, Rancho Los Amigos Hospital: October 1, 1997 to September 30, 2002.
- Empirical Validation of the Slippery Slope Model, Paralyzed Veterans Administration, 1994.
- Aging and spinal cord injury, Craig Hospital, National Institute on Disability and Rehabilitation Research, 1994.
- Clinical Consultant, Health and Rehabilitation Psychologists, Atlanta, Georgia. July, 1993 to September, 1994.

#### **INTRAMURAL RESEARCH ACTIVITIES**

1. Psychological, social, and vocational adjustment following spinal cord injury. *Minnesota Medical Foundation*; \$2,000; June 1, 1984 to May 30, 1985.
2. Secondary complications after spinal cord injury: The development of a prospective database. *Shepherd Spinal Center*; \$10,000; July 1, 1990 to March 31, 1991.
3. Efficacy of substance abuse treatment after spinal cord injury. *Shepherd Spinal Center*; \$4,650; April, 1992 to March, 1993.
4. Prevalence of alcohol intoxication during injury onset. *Shepherd Spinal Center*; \$850; November, 1993 to March, 1994.
5. Prediction of mortality after spinal cord injury. *Shepherd Spinal Center*; \$1,362; September 8, 1994 to March 31, 1995.

6. Adjustment after spinal cord injury. *Shepherd Spinal Center*; \$12,750; September 8, 1994 to July, 1995.
7. The relationship of violence to long-term outcomes after spinal cord injury. *Shepherd Spinal Center*; \$960; October, 1995 to March, 1996.
8. Differential outcomes related to traumatic brain injury among persons with spinal cord injury. *Shepherd Spinal Center*; \$960; October, 1995 to March, 1996.
9. Secondary conditions among people with spinal cord injury. *Shepherd Spinal Center*; \$1,000; February, 1995 to March, 1996.
10. Expiration of allostatic load after spinal cord injury: A pilot study. *General Clinical Research Center, Medical University of South Carolina, South Carolina Spinal Cord Injury Research Fund*, August, 2008 to September, 2008.
